# AUDIO GUESTBOOKS

Why not get the latest impressive way to receive heartfelt messages from your guests, as well as some funny ones. You can also record your own message for your guests to listen to before they leave you a voice message.

You can then keep them all on a USB stick that we will send you after the phone has been collected or hand you the USB stick on the night so you can listen to your messages ASAP.

# DON'T JUST TAKE OUR WORD FOR IT

”

Hi Lowri!

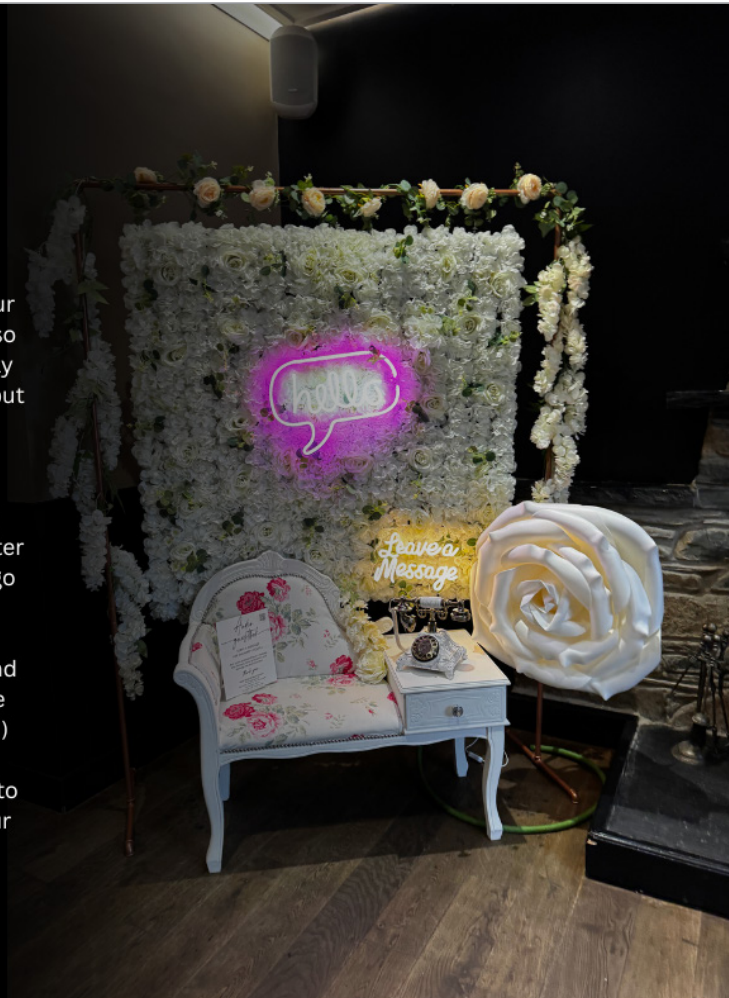

We've finally had some time to catch our breath after all the wedding craziness, so thought we'd just write a message to say thank you so much for all the stuff you put on for us down at Gelli Fawr!

We've listened through the audio guestbook and my god we've laughed! Thank you so much for staying a little later as people were a bit happier to have a go after a bit of dutch courage haha

The kids absolutely loved the games (and thanks again for being so flexible in the face of a constantly changing forecast!)

You guys were amazing and we wanted to thank you so much for helping make our day so special!

Diolch!  
Osian and Katie
